

Dear Preschen:

Just a note. I have been a very close friend of Dr. Curtis Futner for many years. After waiting quite a few days and praying, I have decided to send this to those people Curtis mentions in the enclosed letter. I ask him some point blank questions and this letter is his personal reply to me. Please read it. I called and told him I was going to send copies out and he said he would bring all of it and he would name me personally and it would ruin my church and ministry. He begged me to reconsider. Well, I am going what I think is right. I believe something should be done about Jack Tyler and now I believe something should be done about Curtis Futner too. I'm sick of the whole mess!
